Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Implementing quality and consistent literacy and numeracy programs to improve student outcomes in Prep to Year 6.
- Providing individual literacy and numeracy programs for students who did not reach National Minimum Standard.
- Employing literacy and numeracy specialists to work with students and teachers to improve student outcomes through modelling, coaching and feedback.
- Purchasing additional teacher aide time to support students in the lower years and implementation of literacy and numeracy programs.
